

# Industry leaders support No-Dig Down Under

A number of leading trenchless companies have committed to supporting one of the industry's most important events, No-Dig Down Under, through sponsorship.

**C**overing the entire spectrum of the delivery of trenchless technology – including contractors and manufacturers – these key companies have acted early to acquire one of the limited sponsorship options, which increase brand awareness and exposure at the event.

#### **Vermeer Australia – Gold Sponsor**

A long-time partner of the event, Vermeer is once again supporting No-Dig Down Under in 2021. The company's local subsidiary is a member of the RDO Australia Group, one of the world's largest John Deere and Vermeer equipment dealers. At No-Dig Down Under 2021, Vermeer is sponsoring the always-popular Official Social Function.

#### **Interflow – Silver Sponsor**

A name synonymous with 'challenging the status quo', Interflow has the heart of a humble business, with the vision of something much greater. Today, the company is regarded as Australia and New Zealand's leading provider of trenchless pipeline solutions, developing innovative methods to extend the operational life of water networks across Australasia.

#### **KRE Engineering – Silver Sponsor**

Returning again as a sponsor of No-Dig Down Under is KRE, which has been manufacturing robotic equipment, and exporting it around the globe, for more than 25 years.

The No-Dig Down Under Gala Dinner is one of the most prestigious events on the trenchless calendar.

#### **Rob Carr – Silver Sponsor**

No-Dig Down Under 2021 will be the first sponsored by Rob Carr, which offers advanced technical capabilities for utilities infrastructure and is recognised as a market leader in complex underground works across all sectors, in particular water, energy and power.

#### **McConnell Dowell – Bronze Sponsor**

Also, a first time sponsor of the event, McConnell Dowell is a major engineering, construction, building and maintenance contractor delivering infrastructure to the building, mining, oil and gas, petrochemical, power, social and public infrastructure, transport and water sectors.

#### **Pipe Core – Bronze Sponsor**

From its headquarters in Melbourne, Pipe Core works with leading brands to supply a range of premium CIPP products, including drain cleaning, inspection equipment and the latest in UV technologies.

#### **Bamser – Bronze Sponsor**

Bamser provides frontline support services to its clients on complex projects across Australia in the transport, utilities, mining and energy sectors. The national company, which solves complex engineering challenges using a practical approach, is made up of an integrated team of project development, designers, procurement, commercial and delivery advisors with the best technical skills and local experience in the market. ●

A limited number of sponsorship opportunities are also still available for No-Dig Down Under 2021, including the Gold tier, which includes the naming rights of the exhibition opening and a premium 36 m2 booth space. If you're interested in positioning your company alongside these leaders of industry contact Great Southern Press on **+61 (03) 9248 5100** or email **conferences@gs-press.com.au**.
